• Exporting to 86 countries
• We are one of the 3 leading tracheostomy suppliers for hospitals with a market share of more than 20 %
• We have been voted in the “TOP 100 most innovative medium-sized companies“ in Germany for the second time
• Optimum patient care from hospitals to the home care sector

Our Production
Process-focused, flexible and GMP-compliant
A Rapid Development over the Past 55 Years

- 1958 - The TRACOE comfort, a transparent flexible PVC tracheostomy tube, is invented by Rudolf Köhler
- 1972 - TRACOE Gesellschaft für medizinische Bedarfsgegenstände GmbH is founded by Dr. Wolfgang Köhler and Prof. Dr. Waldeck
- 1990 - Stephan Köhler joins the company management as a 3rd generation manager
- 1999 - Relocation of the production department to Nieder-Olm
- 2004 - Launch of our own field service in Germany
- 2009 - Inauguration of the new production and warehouse building
- 2011 - Foundation of MC Europe, our own subsidiary in the Benelux countries
- 2013 - Inauguration of the new administration building and merger of the sites in Frankfurt and Nieder-Olm
- 2014 - Exclusive sales cooperation with Fresenius Kabi for the non-clinical sector in Germany
From a Small Family Business to One of the Market Leaders
